**Affidavit Confirming Error on Recorded Plat of Fort White Square
Pursuant to Provisions of Section 177.141, Florida Statutes**

**STATE OF Florida
COUNTY OF Columbia**

Whereas, a certain plat named "Fort White Square" appears of record in the office of the Clerk of Court in and for Columbia County, Florida, in Plat Book 5, Page 138, and

Whereas, a current survey has been made of Parcel B of said Fort White Square, by Ronald E. Parrish, a registered land surveyor in Florida, and

Whereas, the current survey reveals that an error was made on the original recorded plat which was apparently a transposition of figures for an arc distance along the frontage of Parcel B along State Road No. 20, a/k/a U.S. Highway 27, in that the plat shows a call for an arc distance of 274.42 feet, but the existing monumentation on the ground reveals an arc distance of 247.61 feet, and the distance calculated by using other dimensions shown on the plat and forcing Parcel B to close reveals a distance of 247.42 feet, and

Whereas, the fact that the other dimensions on the plat all work together as a unified and consistent plat when using 247.42 feet for the arc distance, but do not work together whatsoever when using the figure on the recorded plat of 274.42, is persuasive evidence that the error was a simple transposition of numerals on the drawing and not a bona fide error in the underlying survey used to create the plat, and

Whereas, Section 177.141, Florida Statutes, provides a procedure for recording an affidavit to correct an error on a recorded plat, and

Whereas, the procedure provided in said statute calls for the affidavit correcting error to be executed by the surveyor who originally prepared the plat. However, the surveyor who originally prepared this plat was William C. Hale, Sr., who is now deceased, and his death certificate is recorded in Official Record Book 995, Page 688, in the Public Records of Columbia County, Florida.

Wherefore, I, Ronald E. Parrish, registered land surveyor, do hereby solemnly affirm:

That I have recently completed a survey of Parcel B, Fort White Square, a subdivision as recorded in Plat Book 5, Page 138, and no evidence exists on the ground that conflicts with the corrections set forth in this affidavit, and

That my firm belief, based on the substantial evidence of the monumentation on the ground and the coordination of other dimensions on the plat, is that the arc distance for a portion of the frontage of Parcel B along State Road No. 20, a/k/a U.S. Highway 27, was misstated as 274.42 feet on the original plat as recorded in Plat Book 5, Page 138, and that the misstatement was due to a simple transposition of the numerals, and that the true and correct dimension was, and should hereafter be corrected to read, 247.42 feet.

Therefore, mindful of the provisions of Section 177.141 Florida Statutes, I have attached to this affidavit three attachments that clearly show and more fully define the matters asserted herein.

The attachments are:

Exhibit A - a copy of the plat as recorded in Plat Book 5, Page 138 with a circle around the erroneous call.

Exhibit B - my current survey of Parcel B, Fort White Square.
Exhibit C - an enlarged a copy of my surveyor's report from that survey, further explaining the nature of the error.

In my professional opinion, the dimensions established in my recent survey as to Parcel B, a copy of which is attached as Exhibit B, should be substituted for the dimensions shown on the original plat and should be used going forward as the true and correct dimensions, and

I have provided a copy of this affidavit to the Clerk of Court in and for Columbia County, Florida, and have encouraged the Clerk to make notation on the original recorded plat referencing this affidavit as provided by Section 177.141, Florida Statutes, and

I respectfully submit that the new legal description going forward for Parcel B, Fort White Square, should reference the original plat book and page, but should also reference this affidavit and the official record book and page assigned to it upon recordation hereof.

Further Affiant Sayeth Naught.

Executed this 8 day of February, 2012.

Plat Correction Affidavit - Exhibit B

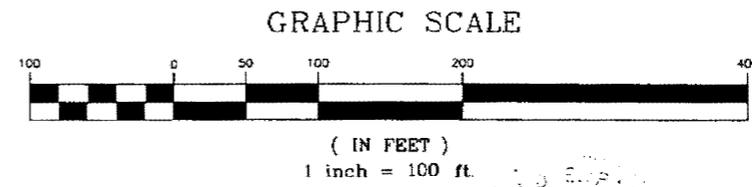

A Boundary Survey of Parcel "B", Fort White Square In Section 34, Township 6 South, Range 16 East Town of Fort White - Columbia County, Florida For: TRC Properties, Inc.

Description:
 Lot B, Fort White Square, a subdivision as recorded in Plat Book 5, Page 138, Public Records of Columbia County, Florida.

- Surveyor's Notes:**
- 1.) Bearings referenced to the Easterly right-of-way line of State Road No. 20 (S 10°27'44" E) based on the record plat.
 - 2.) Below ground foundations not located.
 - 3.) Improvements not located.
 - 4.) Below ground utilities not located.
 - 5.) Comparison of field measurements to record plat calls are shown hereon with record plat calls being shown in parentheses ().
 - 6.) Boundary determined from existing and locally accepted monumentation.
 - 7.) Except as specifically stated or shown on this plat, this survey does not purport to reflect any of the following which may be applicable to the subject real estate: easements, other than possible easements that were visible at the time of making of this survey; building setback lines; restrictive covenants; subdivision restrictions; zoning or other land use regulations, and any other facts that an accurate and current title search may disclose.
 - 8.) DECLARATION is made solely to those that this survey is certified to. It is not transferable to additional institutions or subsequent owners.
 - 9.) Survey "Not valid without the signature and original raised seal of a Florida Surveyor and Mapper." Additions or deletions to survey maps or reports by other than the signing party or parties is prohibited without written consent of the signing party or parties.
 - 10.) Certification of survey data shown upon this plat is valid as per the field work completion date and not as per signature date.
 - 11.) Parcel Identification No. 34-6S-16-04059-302, Property Address - 7255 SW U.S. Highway No. 27, Fort White, Florida, 32038.

Flood Zone Statement:
 Based upon examination of Flood Insurance Rate Map (FIRM) Number 12023C0490C, effective date February 4, 2009, Columbia County, Florida, this property lies in ZONE X, Areas determined to be outside the 0.2% annual chance floodplain.

- Legend:**
- Denotes 4"x 4" concrete monument found - PLS 1519 PRM
 - Denotes 4"x 4" concrete monument found - no identification
 - ⊙ Denotes power pole
 - P — Denotes aerial electric line

Surveyor's Report:

A.) Based upon a field survey of Parcel "B", and an examination of the record plat "FORT WHITE SQUARE", it is apparent that an error has occurred that defines the portion of Parcel "B" involving the right of way curve length along State Road No. 20, as stated on the record plat and the field measured existing monumentation. The plotted length for Parcel "B" is 274.42 feet. The field measured length is 247.61 feet.

B.) The total length of the curve defined on the record plat for Parcels "B", "C" and "D" is 869.20 feet, which also matches the legal description of the plat boundary. The total length of Parcels "C" and "D" is 621.78 feet. By deducting the length of Parcels "C" and "D" from the total platted curve length, the remaining distance for Parcel "B" is 247.42 feet. By using the platted dimensions and force closing the portion of Parcel "B", the arc distance for Parcel "B" also calculates to 247.42 feet.

C.) It is the opinion of this surveyor that the defined arc distance along the right of way line for Parcel "B" was transposed and should be 247.42 feet, as it would best agree with the field measured monumentation and calculated curve distance using the remaining dimensions for Parcel "B". It also would match the remaining distance for the full length of the right of way curve, less the arc lengths for Parcels "C" and "D".
